Components:

4 kayak carriers with mounting suitable for both square and T-track load bars. 2 straps with rubber protector around the buckle.

Materials:

Galvanized sheet steel with black polyester coating. Anticorrosion treated mounting elements. The 400 cm long strap is made of woven polypropylene fabric. Plastic parts of PA6 and TPE.

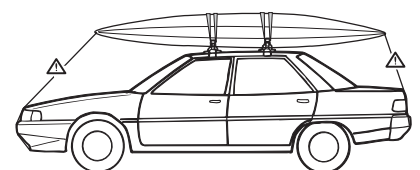

Mounting, etc.:

Follow the mounting instructions accompanying the product.

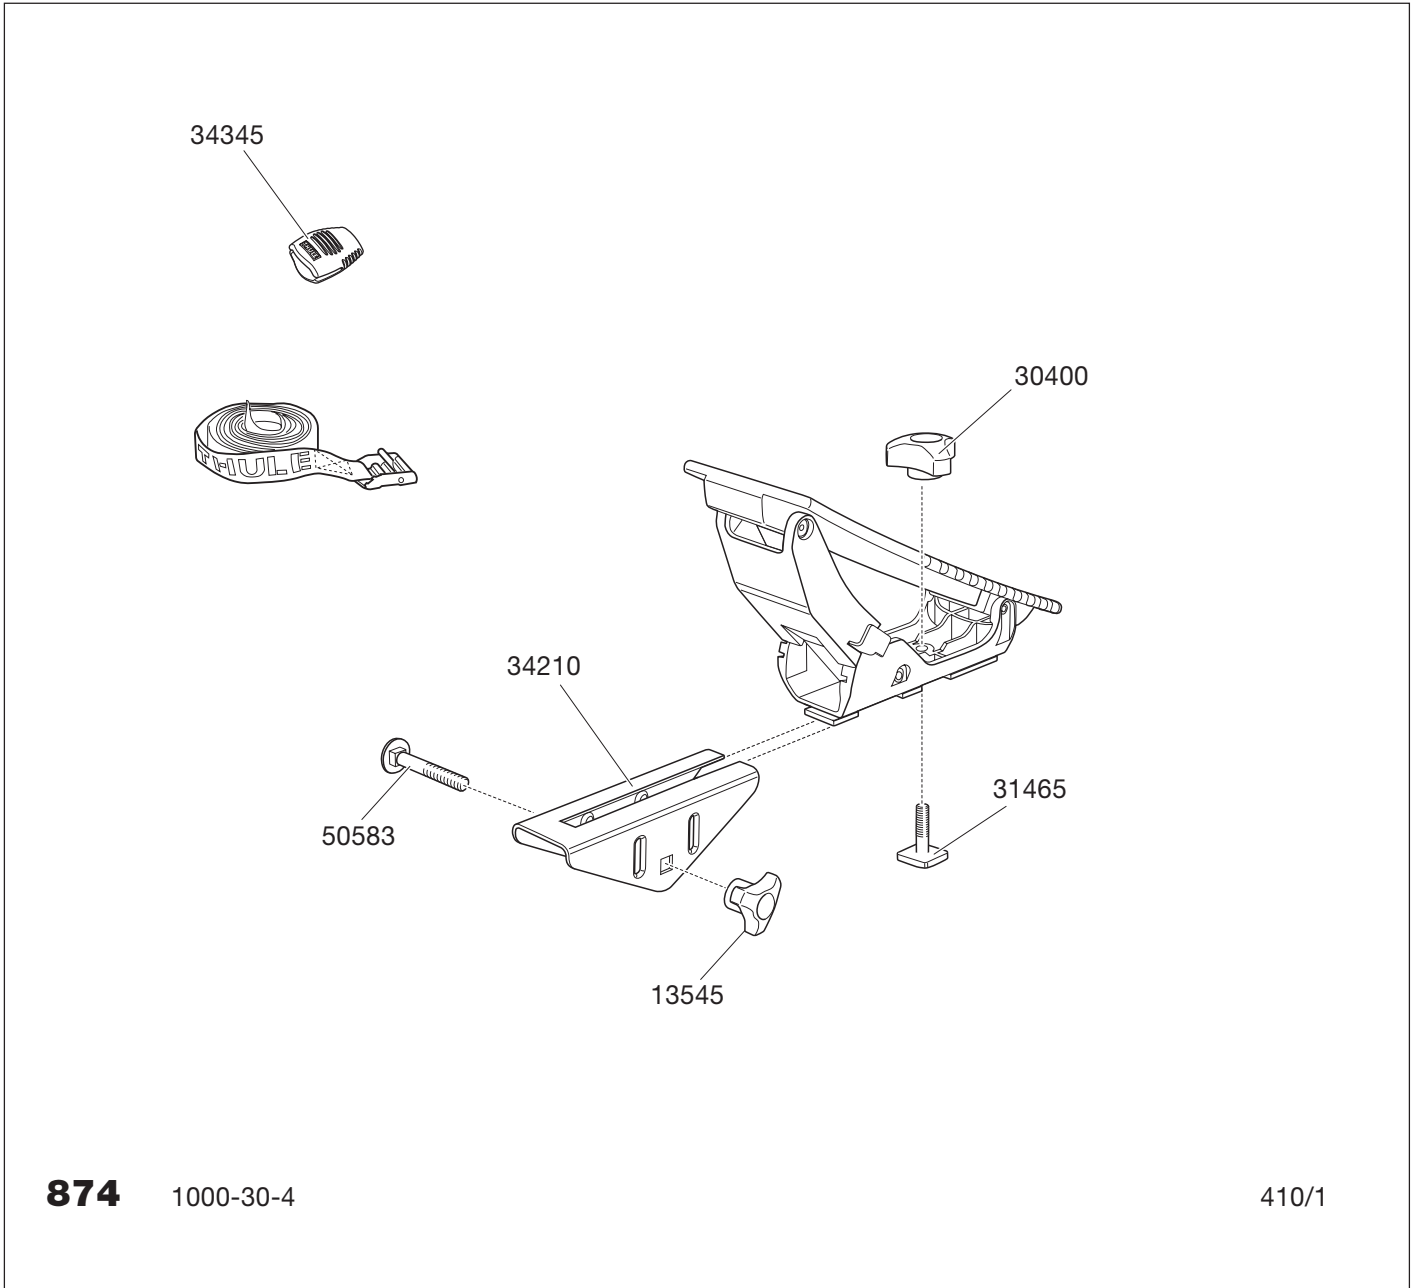

NOTE: During the journey, check at regular intervals that the load is firmly secured, and observe the car manufacturer's instructions concerning the maximum load on the roof.

- Adjustable supports that mould themselves to the shape of the hull for optimum support and stability.
- Suitable for both square and T-track load bars.
- Also suitable for carrying surfboards and small boats.
- Sturdy straps with protection around the metal buckle are included.
- When carrying a long load, secure it at the bottom to the front and rear of the car.
- Can be locked with cable lock art.no. 538.
- A set consists of four carriers.
- Approved by TÜV.
